Wednesday, April 25th, 1990

Chamber studies cable problems

Recent problems expressed by Elk Point's cable television subscribers were studied at the April 18 meeting of Elk Point Chamber of Commerce, with Craig Thompson of A-1 Cable Systems in attendance to explain how the system operates and why some of the difficulties cannot be rectified by their technicians.

Thompson said his Customer Service representatives have "not had an overabundance of complaints" from Elk Point, although many people have mentioned the shortcomings of the system to the Chamber of Commerce, Town Council and the Elks Lodge, who originally spearheaded the installation of cable in Elk Point.

Difficulties with reception on the CTV and CBC networks are not confined to Elk Point, Thompson said. These networks, along with the French CBC network, are only available as "off air" channels, with the cable station picking up the signals in the same way a regular house antenna does, from the repeater towers in Lloydminster. Therefore, the signals are subject to weather interference, as well as problems with outdated equipment and technology within the networks themselves. Carriage of these networks is part of the conditions applicable to having a cable station licence, Thompson said, and about all that can be done is to "funnel complaints to

the CRTC and the networks."

A recent problem with one of the other channels was rectified with the discovery of a technical problem within the receiver.

The removal of CHCH Hamilton from the system has also concerned some viewers. Thompson called this situation "a comedy of errors," wherein Cancom picked up the station and put them on their satellite, before CHCH's ratings dropped and the station lost a number of contracts, including sports. Despite the decreased programming, CHCH told Cancom they must raise the rates for use of the channel, and this increase was passed along to A-1, who subsequently decided to drop CHCH. The channel was replaced, as per CRTC regulations, with another Canadian channel. The only Canadian channel available at that time was the knowledge network, which has "not been acceptable to A-1 subscribers."

As of last week, the knowledge network was replaced with WQM, a super station out of Chicago, which has excellent ratings. "Our big error was to not notify the subscribers," Thompson said, "but we wanted to know what channel would replace CHCH, and didn't anticipate it would take this long to find a permanent replacement."

Until recently, Thompson noted, towns the size of Elk Point

(Cont. on Next Page)

School budget cuts concern parents

Severe cuts to the County of St. Paul's educational expenditures in the 1990-91 budget brought a record attendance to the April 11 meeting of the F. G. Miller Parent Teacher Association to hear the facts and figures, as presented by Superintendent of Schools Ted Cabaj and School Trustees Janice Van Maarion, Bill Ference, Bob Smith and John Zenko.

With nearly two thirds of the County's teachers at the top of the salary grid, enrollment growth predicted at nil and one of the lowest costs per pupil ratios in the area, the County could end up with over a million dollars in deficit if costs are not cut and taxes raised to pay the ever increasing cost of educating our young people.

Cuts would include trimming operation and maintenance costs by a whopping \$132,000, office expenses by \$39,000 and trustees' travel expenses by \$10,000. The County will at-

tempt to cut substitute teacher costs by another \$10,000. Tight staff cuts will be required throughout the County. These will be done by attrition and retirements. As well, some teaching positions could be amalgamated. It is also possible that some of the present teachers will retire and be replaced with teachers lower on the salary grid.

The PTA was told that the school mill rate will rise from 7.6 to 9 mills. This 1.4 mill increase could be absorbed, members felt, but concern was expressed regarding how much more of an increase there would be in other areas, and how much increase there would be in the following year. The trustees indicated that a proposed hike of .6 in the municipal area of the budget is expected, and combined with the increase in the school mill rate, could keep further increases to a minimum.

Elementary School Environmentalists

Mrs. Conrad's Grade 2 class at Elk Point Elementary School spent last week getting ready for Earth Day. The 21 students, along with Mrs. Conrad and her helper Miss Litwinski, collected 56 small bags of garbage from the schoolyard, which were compressed into these five huge containers. The clean-up crew, many wearing green to welcome spring and honor Earth Day, is now ready to enjoy the clean schoolyard during their outdoor activities.

All systems go for Mural Park

Almost three years after a development permit was issued for Elk Point's Historical Mural Park, a revamped and revised agreement has been approved by both the Town of Elk Point and the Elk Point Historical Society for the development.

Previous drafts of the agreement had been discarded because they did not sit well with one body or the other, and with spring well on its way, a decision was made that the project must get underway. Councillor Adele Mandryk, representing the Town, subsequently sat down with Larry Demchuk, Frank Mayner and Sheila Thompson of the Historical Society and negotiated a brief, to-the-point agreement which satisfied both parties. Ms Thompson was subsequently named Project Manager.

The majority of the work on the park, which has an estimated cost of \$35,000, will be completed this year. The park's design incorporates such features as paved walks and a bridge spanning the creek which curves through the park. Ease of maintenance and indigenous plant material are incorporated into the design. Funding for the park comes from grants from the Tourism Action Plan, Alberta

Recreation and Parks, and from the Historical Society.

Two new members were added to the Mural Park Committee. Irene Miller will represent the Library Board, while Victor Stepa will represent the Community Services Board.

Four other developments also were part of Council's agenda. Landowner Anita Ballas has expressed an interest in subdividing a five acre parcel into six parcels for development. Council reviewed the standard 18 page development agreement form, which will be sent to Mrs. Ballas for her study and consideration, along with an indication that Council would be willing to enter into a similar agreement.

Elk Point's newly formed Tennis Club has indicated they are interested in constructing tennis courts on land owned by the Elk Point and District Agricultural Society, behind the A. G. Ross Arena. The courts were originally planned as part of the development at the recreation land, but the club has pointed out that an in-town location, such as behind the arena, would make the courts accessible to the schools for their use in the physical education curriculum. The change of site would require changes to the

Municipal Recreation and Tourism Agreement, under which funding toward the courts was allocated, but it is felt this may meet with approval from the government.

Another MRTA development is scheduled for an early spring start. Tenders were opened for a picnic shelter to be constructed at the recreation land, with local contractor John Tilton being awarded the job. Both of the tenders submitted were over the budgeted amount of \$10,000 but it was noted that concrete prices have taken a jump since the original estimate of costs was made.

(Cont. on Next Page)

Parent teacher interviews

Today is the day for the annual Parent Teacher Interviews at F. G. Miller Junior - Senior High School. Wednesday, April 25 from 3:30 to 9:00 p.m. has been set aside for parents to visit their child's teacher to discuss the year's progress. No appointment is necessary. The school would particularly like to see the parents of students whose report cards indicated that an interview would be advisable.

Long Service Recognized

Elk Point Town Administrator Pat Vincent was presented with an engraved bracelet at last Tuesday's meeting of Town Council, in recognition of his years of service to the Town. Mayor Bruce Kleeberger, in presenting the gift, noted that while the presentation is for the first five years of service, Vincent was marking his ninth anniversary in the Town's employ. The Municipal Service Awards are given in five year increments.

Chamber studies cable

(cont. from front page)

could not be served with cable television. Elk Point has a total of 548 homes which could be served, of which 319 were subscribers in November of 1989, rising to 341 by February of this year.

Since complaints regarding the cable service were reported at Chamber of Commerce meetings, Thompson said he has had a number of calls from residents and local authorities supporting the service.

A-1 is applied for licences in 27 additional communities, with these to be the subject of a CRTC hearing in Edmonton on May 15. "We have to prove that we have the operation and funds to do this," Thompson said. The second part of that hearing will be the renewal of licences for their existing operations. Both the CRTC and A-1 have to advertise this, with viewers having until April 25 to submit briefs for or against the applications.

Thompson added that more channels will be available in Elk Point soon, with a one month free

viewing session to give subscribers a chance to decide if they wish to access the additional channels for a small additional fee. A new billing system is also coming into effect.

Other business coming before the Chamber included a decision to nominate Billie Milholland as the Chamber's representative to the St. Paul-Smoky Lake Community Futures Board, discussion regarding extended liquor store hours over the summer months, and efforts to lobby for the relocation of the regional office of Alberta Hail and Crop Insurance to Elk Point.

It was also brought to the attention of the Chamber that a local group is soliciting donations for an upcoming function from local businesses, in spite of obtaining the decorations and other materials for their event in other towns. It was felt that this was quite unfair to the local merchants, and one member noted, "If they want our support, they need to support us too."

Council studies spring projects

(Cont. From Prev. Page)

The 30 foot, hexagonal structure is scheduled for completion by June 30.

The fourth development to be discussed was the proposed new Community Services Centre. Mayor Kleeberger and Concillors Frankiw and Cooper met with County of St. Paul officials to view potential sites and to discuss a trade of the land where the current CSC is located, owned by the County, for another parcel of Town owned land. Further discussions will get underway shortly.

Rental of the current CSC facilities will cost the groups currently leasing exclusive space an additional ten percent, as of July 1, 1990, while the Ukrainian Dance Club will be charged an additional \$5 per use for the gymnasium. There will be no change in rental for the gymnasium for non-tenant groups. This is the first increase in rates for the facility since they were originally set by the Town in 1984, although cost for utilities and maintenance have been steadily rising since that time. Cost to operate the facility for a year is approximately \$12,000, while rentals generate only \$6400. All space is currently in use except for one small office area.

The Town of Elk Point will again undertake a municipal census this year, with census takers to be hired for the task, which is scheduled to begin in mid-May.

The Elk Point Futher Education Council will have a new representative from the Town. Concillor Lawrence Pidluzny was originally appointed to this position, but has been unable to attend meetings due to conflicting commitments. Mayor Kleeberger has agreed to serve in Pidluzny's place with the Further Ed Council.

First reading was given to an amendment to Traffic Control Bylaw 476 / 87, which would allow control of traffic in the area between Elk Point Elementary School and F. G. Miller High School during the afternoon dismissal time on school days. The bylaw will be discussed with the local RCMP, the school principals and the group of concerned parents before receiving the other two readings. Design of drop arms to prohibit traffic passing through the area during the dismissal time was discus-

sed. A Transportation Safety Grant is available to pay 75 percent of the cost of obtaining and installing such devices.

With Earth Day near at hand, Council discussed the recycling projects now underway in Elk Point. Council was told that the Lions Club is considering purchase of a semi trailer in which materials from the paper collection bins may be stored and transported. It was generally felt that the community should be more proactive in decreasing the amounts of material which go into the landfill site. The baskets for glass and metal containers now used in Edmonton were discussed, but collection and what to do with the material after collection would be a problem. Further information on these procedures will be sought. It was noted that the Lioness Club is doing a great service to the town with their ecologically minded program.

Councillor Charlie Mahon gave a brief summary of recent developments regarding the Northern Lights Library System, which was sent into almost instant hibernation by the announcement that funds will not be available for its establishment. Mahon said that the interim board is now applying to become a permanent board, but not much is being done otherwise. The government has offered a part time worker to keep things going, along with \$30,000 in funding for such items as the summer reading program. Councillor Adele Mandryk, who represents Council on the Library Board, noted that the Elk Point Public Library, along with others in the area, has received a block of videotapes and books from the NLLP, which are to be circulated between the libraries, so the libraries are deriving some benefit in spite of the virtual shutdown in operations.

Lodges install 1990-91 officers

New Honored Royal Lady

Honored Royal Lady Mary Kryvenchuk is congratulated on her election to head the Elk Point OORP by Supreme Installing Officer Mary Karbashewski at Friday night's Joint Installation of Officers.

Elk Point BPO Elks and Order of Royal Purple Lodges held a joint installation of officers on Friday evening, April 20, with District Deputies Mary and Peter Karbashewski of Myrnam on hand to preside over the colorful ceremonies.

Two other members of the Myrnam BPOE and OORP Lodges, Julia and Roger McMillan, assisted in the proceedings, as did Lenore and Elmer Bjornstad and John Brooker of the Elk Point Lodges.

Mary Kryvenchuk was installed as Honored Royal Lady of the Elk Point OORP, while Lorn Berg became the Exalted Ruler of the BPOE for the coming year. They succeeded Lois Sharek, who became Past Honored Royal Lady, and Lawrence Pidluzny, who became Past Exalted Ruler.

The Royal Purple's slate of officers includes Lillian Ewasiuk as Associate Royal Lady, Stella Blazenko as Loyal Lady, Zenovia Lazariuk as Lecturing Lady, Marie Buck as Secretary, Erica Bender as Treasurer, Pearl Anderson as Conductress, Leona Moneta as Inner Guard, Florence Demchuk as Outer Guard, Genevieve Shmyr as Historian and Florence McGinnis as Chaplain.

Completing the BPOE executive are Brian Schnurer as Leading Knight, Bill Jennissen as Loyal Knight, Wayne Smith as Lecturing Knight, Elmer Bjornstad as Secretary Treasurer, Dave Yake as 3-Year Trustee, Murray Cochrane as Esquire, John Brooker as Inner Guard,

Orville Swedgan as Tyler, Ron Barwick as Historian and Michael Chubey as Chaplain.

The new Exalted Ruler expressed thanks on behalf of both lodges to the installing officers and their assistants, as well as to the Drill Team, who escorted each of the officers-elect to the front for their installation. Both he and the new Honored Royal Lady thanked the members of their lodges for their support. Mrs. Kryvenchuk said she is looking forward to her new office as head of the lodge, and told the ladies, "Together we can, together we will" will be her motto. Regarding her predecessor, she said, "How do you thank her?" adding that all had benefited from her wisdom and guidance, as "inspiration, confidant, sister and friend." She presented Mrs. Sharek, Mrs.

Karbashewski and Mrs. McMillan with gifts, before closing with a poem assuring "a place in Heaven for volunteers."

PER Lawrence Pidluzny said the past year "has gone so quickly there are a lot of things I would have liked to complete." PHRL Sharek thanked the ladies of the OORP for their help during her term, and told her successor "we're all behind you."

District Deputy Mary Karbashewski, who will be succeeded by Alvina Schuhmacher of Elk Point for the coming year, told the lodges, "Leaders can only be as good as their membership." Her husband Peter added that he had enjoyed his visit, as "Elk Point always makes me feel at home."

The evening concluded with a social in the lodge room.

Incoming Exalted Ruler

Lorn Berg, centre, is presented to Grand Installing Officer Peter Karbashewski (far right) by Assistant Installing Officer Roger McMillan at the 1990 Elks and OORP Joint Installation of Officers last Friday evening.

Canada Day plans progressing

Canada Day 1990 in Elk Point is well into the planning stages, with the latest additions to the day's schedule including an early morning raft race and an interdenominational church service.

Lawrence Pidluzny, Canada Day Chairman and the Exalted Ruler of the BPO Elks Lodge, said that the Elks had decided to resurrect the raft races such as had been staged in Canada's Centennial year, 1967, and for several years thereafter. The rafts are scheduled to set off from Myrnam Bridge at 6:00 a.m. on July 1, arriving at Elk Point Bridge at approximately 9:00 a.m., just in time for the Chamber of Commerce Pancake Breakfast.

Pastor Jim MacLellan of Elk Point Baptist Church has offered to set up an interdenominational church service, with scripture readings, prayers and musical offerings by the various local churches.

The day will continue with the usual parade, bed races, opening ceremonies and stage entertainment, with games and contests for both children and adults, during the afternoon, and a barbecue supper with entertainment to wind up the activities. Because Canada Day is on a Sunday, a more relaxed day than usual is planned, with the Pancake Breakfast starting at 9:00 a.m. and the Parade at 1:00 p.m., with the other activities to follow.

Diane Wolanuk, Entertainment Chairman, is planning an exciting afternoon of music, dancing and fun for all.

A ball tournament has been tentatively scheduled to start on Saturday, June 30, with a beerfest and dance in the evening and fireworks at 12:01 a.m. to start off Canada Day with a bang.

Donations toward the event are coming in, with \$500 each from Nor-

cen Energy Resources and the Town of Elk Point, \$250 each from the Elks Lodge and E-Can Oilfield Services, \$200 from the Historical Society, and \$150 from the Lioness Club, and many more groups are expected to contribute.

Many groups are also volunteering their services to be part of the day's activities, from the Chamber with their Pancake Breakfast and the Lionesses with their parade, to the Elks with their annual Pie Eating Contest and the new Raft Races, to the OORP with their giant Birthday Cake, the Oilettes with their schedule of children's activities, the Legion with a horseshoe tournament, the Lions Club and Fire Department with their beerfest, the Minor Hockey running the dance, the Historical Society providing the giant map guestbook, and the Lions, Grad 91 Class and Legion providing food concessions for the afternoon.

In Our View

A salute to volunteers

"I volunteer." "I'll do it." "Can I help?"

These words are sweeter than music to the heart of the head of any organization, large or small. Volunteers, and the countless services they perform, are the lifeblood of clubs and community groups everywhere, and Elk Point is certainly no exception.

Just look at the activities which have taken place in the past week. The Elks Marathon Bingo, for example, was run completely by the volunteers of the Elks and Royal Purple Lodges, who gave up their Sunday to earn money for their favorite charity. Some sold cards, some sold coffee, some kept track of the vast list of winners, and some took turns calling out the numbers. Without a large number of volunteer workers, such as these two organizations can call upon, such an event could not take place.

Last Friday night, the same two groups celebrated their installation of officers. These individuals have volunteered to take on the work of running their organizations' meetings, of spearheading projects, and raising funds for many worthwhile causes in the community and beyond.

Sunday was also Earth Day, and a committee spearheaded by Town Councillor Adele Mandryk took the initiative to sponsor a poster contest to bring environmental awareness to the forefront in our local schools. Ms Mandryk and her fellow committee members are to be commended for their efforts, as are every one of the poster artists, and the teachers who encouraged them to take part.

Environmental concerns are also a strong point of the Elk Point Lioness Club, who have encouraged the entire community, through their leadership, to get involved in recycling. They have added another group of volunteers, the Elk Point Scouting Association, to their ranks to

help with the collection of paper for recycling, as well as promoting the idea that each community resident should do their part by volunteering to bring their recyclable paper to the collection bins, and to start a compost heap with their kitchen waste, to halt the use of harmful products in their households, and to help in the efforts to save our planet.

Tonight the Elk Point Public Library will honor their numerous volunteers for another year of helping that community facility grow and thrive. Many of these volunteers have helped for years, and show no sign of discontinuing their much appreciated efforts.

And there's more. The Cancer Crusade is still underway, with volunteers going door to door to raise funds for this worthwhile cause. Volunteers have come forward to organize and coach minor and adult ball teams for the summer. Volunteer boards are at work planning everything from the fall Further Education courses to the Agricultural Fair, from the Mural Park development to the Canada Day celebration, from activities to entertain the seniors at the Pioneer Circle to ways to help the hospital patients through the Hospital Auxiliary.

There are many more groups we haven't mentioned: Lions, Masonic Lodge, Eastern Star, Chamber of Commerce, Brownies and Guides, 4-H, church groups of all denominations, Red Cross, Ag Society, Figure Skating, Minor Hockey, and more. We could fill the whole page with their activities and endeavors. All play their part in this community, and all are run by volunteers.

Have a great week, volunteers. Remember, even if we sometimes forget to tell you how much we appreciate you, we really couldn't get along without you. Thanks a million for all you've done. We know you'll keep up the good work.

Pussy Willow Time

The first pussy willows are often seen in March, the green of spruce all year; soon the green of spring will flood the land. Prepare to smile.

Photo by Irene Magnusson

Alberta Trails

The miracle of green

By Irene Magnusson

At this time of the year, in this part of the world, the most important color to our eyes is GREEN. It is not what we are seeing the most of, yet. I suppose blue - or grey - of sky fills our sight more than that other, long awaited shade, that green we have missed for these chill months.

How many weeks since the last green disappeared beneath the brown of fall and the white of winter? Yet even longer since the flames of red and gold washed away the greenery of our deciduous trees and shrubs, the chlorophyll slinking off down the veins of the trees, into the roots and cold-storage, until the robins' return? Far too long, I'm sure you will agree.

Today, as the last wedges of snow dissolve from view, under the healing kiss of soft spring showers, shoots and spears of green are piercing the thatch along the southern wall, and a definite tinge of verdant hue is swathing the edge of my garden patch. Of course there is a robin dancing over it, weary from his long flight, sharp eyes searching for the movement of worm or bug. Well...I haven't seen the robin yet, but my faith in spring tells me he will be here, very soon.

And - oh, yes - four dandelions under the kitchen window, bright yellow fuzz on hollow stems, the very first blooms! (Of course, I picked them! We always carry on this vendetta against the hapless dandelion; the prolific, brilliant lawn-hog, with the floating, grow-everywhere seeds, the bane of gardens and fields, the gold - then white - decoration along every roadside.)

It's not my plan to disregard the green we always have with us, in the evergreen trees and shrubbery. These are welcome and comforting all through the year, reminding us that all is not dead, just because win-

ter has come. But it is a different green from the green of spring - and even the evergreen boughs sprout forth with fresh new growth, lighter and brighter green, blatantly shouting their joy in spring.

Today is Earth Day, so all the public communications say. Is this something new? I would think that every day is Earth Day. But I will listen, hear what is said, and who is saying it. Perhaps, I will learn something new. So far, there has been talk of 'organic' crops, of wasted, drifting soil, of farmers going broke in the pursuit of a livelihood from the land. There will be rantings over clear-cut logging, and an insane group who get their kicks from driving spikes in trees to ruin the loggers' equipment when they go to harvest the wood. Probably ruin the loggers, too.

One group asks for 12,000 acres of land to be left wild and free for use of some endangered species of owl, I think it's called the 'speckled brown' owl. All over the world concerned people are wondering what the earth is coming to, and how to keep it in the much-better condition it was in before we, the people, got so prolific.

I am sure there are many things we can all do, to preserve our land, and to restore it to some semblance of the clean, green, lovely planet we inherited. We, the people, have been wasteful, ugly, destructive, careless with our heritage. We have also been ignorant of a good part of the harm we were doing - are still doing - and we have much to learn. But I have faith we CAN learn, and in fact MUST learn, that we must return as much of our earth to its useful, reproductive, beautiful condition as we possibly can, as soon as we can.

If we all adopt a 'waste not, want not' attitude, try to cut our pollution habits to the bone, reduce where we can the chemicals poured on the land,

Heinsburg 4-H multi-club

By Darren Skolarchuk

The Heinsburg 4-H Club has kept busy over the past few months with various activities. Regular monthly meetings are held at the Heinsburg Community School. The members appreciate the support and interest shown by their families and friends at the Public Speaking Competition.

A well attended tour to view the Beef steers was held on March 25/90 with a delicious lunch at Connie and Charlie Thomsons to complete the day. During this tour the group also stopped to see George and Elsa Sanders' Ostriches.

The Craft Group has completed their project sessions and held an interesting and colorful display of their creations on April 9/90 at the Heinsburg School. This display was well attended by interested local persons.

The Heinsburg 4-H Club would like to thank all those who supported our raffle. The winners were; Charlotte Engstrom, tie dyed T-shirt and socks; Christina Desjarlais, tie dyed wall hanging; Margaret West, fridge magnets.

Our next activity will be the Annual Highway Cleanup on May 5/90.

Our local Beef Show will be Monday May 28/90 at 6:30 at the Whitney Lake Rodeo Grounds. Coffee and goodies will be served for all spectators.

The Heinsburg 4-H Club will again be sponsoring the Whitney Lake Rodeo to be held July 7 and 8/90. Stock will be supplied by Les Trach again this year.

gather up and recycle some of the trash we are so generous with - if we all try, surely we can accomplish much.

Perhaps if we just tried to develop a bit more appreciation of our wonderful planet, the growth thereon, the creatures it is populated with, the minerals and chemicals, all these things we have inherited as our habitat, we would develop the respect they deserve, and treat them accordingly.

There is little we can do to redress the ignorance of ages past, the wastefulness and destruction, when mankind accepted that the earth and its gifts were without end, renewable and everlasting, and every stitch of it there for our use, or misuse, as we saw fit. Now we are realizing the god-awful truth; there IS an end to it. IT DOES need care.

So for our kids, who will inherit our earth, mess or not, we simply HAVE to shape up. And we will. I have faith in humanity. After all, to have survived so long, against so many odds - we must have some brains, and creativity, and surely, the desire to do it. We can be certain of a lot of help from Old Mother Nature, who after all, wants this earth to wear a coat of green every bit as much as we do. We must be prepared to give her all the help we can - and a whole lot less hindrance.

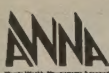

So now I'll go out and do some more raking, pruning and picking up, so when the lovely coat of green I'm expecting to pop out of the ground, and burst from the raggedy catkins overhead in the next week or two has truly come, my conscience will let me enjoy it, without too much guilt. I hope you will all be doing the same, with serious sanity, not merely publicity seeking mania, ballyhoo and nit-picking. OUR good green planet is worth all our efforts and care.

4-H news

By Richard Piotrowski
Club Reporter

On April 18th the Elk Point 4-H Multi Club held their monthly meeting. We would like to thank Constable Dave Kilby for his informative talk about drugs and drug abuse. On May 5th we will be having our annual Highway Clean-up and a bottle drive will follow. Our Mini Achievement Day is on April 28 at the Stoney Lake Stampede Grounds. Our next 4-H meeting will be May 16th.

Dental Health Month Baby

Angela Waskahat and her newborn son were presented with a basket of gifts by Dixie Wood on behalf of the Northeast Alberta Dental Auxiliary, in recognition of Elk Point's first new arrival during Dental Health Month.

Community services news

By Stephen Montgomery
Community Services Director

SUMMER DANCE WORKSHOP

Community Services is offering a four week Ballet and Jazz Dance program in July. Classes will be held Thursday afternoons starting July 5. Classes will be available for all age groups if sufficient registrations are received. Please register by April 30 so we can confirm the program with the instructor. To register phone Community Services at 724-3800.

LEARN TO CANOE PROGRAM

The Red Cross Boating Team will be offering a 'Learn How To Canoe' Program on Saturday, May 26. This program will emphasize canoeing safety and will cover basic paddling techniques for canoeing on lakes. All equipment will be provided and the cost is only \$ 5.00. The registration deadline is May 11. To register phone 724-3800.

ATTENTION BALL PLAYERS

The 3 diamonds on the Recreation Land are ready for use this season and the Town of Elk Point is now scheduling tournaments. Anyone interested in reserving these diamonds for a tournament should contact Stephen at 724-3800.

Earth Day 1990 poster contest winner

By Adele Mandryk

The posters entered in the Earth Day 1990 Poster Contest were amazing. The thought and energy put into the 137 posters entered was very impressive, especially the efforts of the K-6 students. It is obvious that these children are extremely aware of a wide range of environmental issues, and their teachers must be acknowledged for the part they played in bringing this awareness to their students.

Although some of the posters which didn't win were artistically better rendered, the posters that did win were, in the minds of the judges, ones which delivered a strong, positive message. The winners of the Norcen Energy Resources Ltd. cash prizes of \$ 25 each, are:

Grades K-3: Jessie Kleeberger, Grade 2B

Grades 4-6: Amber Kopeck, Grade 5

Grades 7-9: Tanya Stone, Grade 8A

Grades 10-12: Peter Kulczycki, Grade 11

Honorable mentions must be made to David Naber, Grade 5, who explored the topic of soil erosion and minimum tillage farming, Kristi Rae, Grade 2B for a very clear message, and Amy Hawkins, Grade 8A.

Congratulations to all four winners, who will receive their prizes today at 7:15 p.m. at the Spring Author Reading, featuring the Elk Point Ruthless Writers, at the Elk Point Public Library. Thank you to all 137 entrants, who will receive a certificate of appreciation for helping to make Earth Day 1990 a success in Elk Point.

Education week activities planned

Schools in Elk Point and Heinsburg have a number of activities planned for Education Week, April 30 to May 4. This year's Education Week theme is "Education is Everybody's Business," and many of the events will bring parents and other members of the community into the schools to view displays and attend sporting and cultural presentations.

Elk Point Elementary

Education Week will kick off Monday, April 30 at Elk Point Elementary with a pancake breakfast for the students, served up by parents and school staff. Tuesday will see a Public Speaking Showcase for Grades 1 to 3. Wednesday evening's open house, from 7:00 to 9:00 p.m., will include displays of students' work in the classrooms, a science fair in the gym, book fair in the library, music, skipping and drama presentations in the gym, a children's movie in the music room, a babysitting service, art, AADAC and nutrition dis-

plays, coffee and snacks. A Public Speaking Showcase for Grades 4 to 6 is on Thursday's program, while a movie for all students will wind up the week on Friday afternoon.

F. G. Miller High School

Education Week at F. G. Miller High will begin with an invitation for the parents to join their children in a game of badminton Monday evening. The students may reserve courts for anytime between 6:00 and 9:00 p.m., and refreshments will be provided. Tuesday the school will be the scene of the annual Ukrainian Dance Club Spring Concert, beginning at 7:00 p.m.. On Wednesday, the FGM students who took part in the County Public Speaking Showcase will visit Heritage Lodge to perform for the seniors at 3:30 p.m.. Thursday evening, the Library's Quest Theatre presentation will be held in the gym. FGM Principal Jim Hawkins says the involvement of many groups in the community with the school is part of the school's open door policy, and the school enjoys being an active part of

the community.

Heinsburg Community School

A presentation from the Alberta Vocational Centre will start off Education Week on Monday, April 30 at 12:15 p.m.. Tuesday will feature a trip to St. Paul for students in Grades K to 4, for a visit to the swimming pool. A pyrohy supper at 5:00 p.m. will start off that evening's open house, which will feature open volleyball in the gym, industrial education lab construction projects, Native Education crafts display, community library video presentations and Further Education classes on computerized accounting and jewellery making. The Quest Theatre will perform at 1:00 p.m. on Thursday, May 3, with visitors from J. F. Dion School in attendance to enjoy the show, a display of Grades 1 to 3 Hospital Art projects, and the Junior High students attending County Cup badminton in St. Paul. The Elementary Spring Concert at 2:00 p.m. on May 4 will bring the week to an entertaining end.

Set To Shop!

Kurt Kozicki is the fifth competitor who will take part in the Co-op Kiddies' Shopping Spree this Saturday. One more contestant will be drawn this week.

Must submit their applications to the County Office before 4:30 p.m. Friday, April 27, 1990.

Funspiel a huge success

By Irene Magnusson

Thursday, April 19, marked the windup of the winter season of floor-curling over at the Pioneer Circle, and the members of the group planned a rousing day to mark the event.

A 'funspiel' was the term used, with everyone getting in four games on the double-rink floor. And all ten teams of four players were winners.

The extra 'fun' part of the spiel was that everyone came in fancy dress costume, 'fancy' being to dress in whatever took their fancy. Cowboys and farmers, cowgirls and farmerettes were present, along with many who could rightly be called dressed in 'hobo' fashions. Winners picked; in ladies wear, were Muriel Holthe, farmerette; Florence Demchuk, rodeo queen, and Erika Bender, in her 'Henrietta' costume. Gentlemen's 'best dressed' were Morris Cooper, gambler(?); Mike Palinka, geisha girl (?) and John Williams, beach boy. Sally Vincent, her sister, and Irene Miller served as judges in this hilarious contest.

It took much longer for the winners to be determined in the floor curling play-offs. All the while from 9 a.m. to the final 'curls' about 5 p.m. John Williams was in charge of the score-keeping, and read off the rolls when the final 'rock' was skipped. As he started to announce the winners, members were surprised to learn that 'the first shall be last', and in keeping with the FUN spiel part of the day, those with lowest scores received 1st prize, and on down the line, to those with highest scores, receiving lowest prizes. In as much as the 'prizes' were but paltry cash, and the purpose of the games were to play for FUN, not for money, the prizes were accepted with good humor, and congratulations to the participants.

The funspielers were unfurling their curls down the floor as enthusiastically at five in the afternoon as they had at nine in the morning, and these are everyone senior citizens, so one couldn't help but feel that all this effort and exercise was doing

them amazing good, physically, as well as uplifting their spirits in friendly companionship and laughter.

In keeping with the reverse philosophy, the winners were announced as follows: 1) M. Cooper rink, with F. Demchuk, M. Holthe and F. McGinnis - Score 37; 2) O. Swedgen rink, with H. Prusak, L. Palinka and L. Kuziw - Score 38; 3) R. Kozicky rink, with P. Slywka, V. Romanchuk and G. Barwick - Score 40; 4) J. Williams rink with H. Pelech, A. Palynchuk, and P. Zarowny - Score 45; 5/6) were tied - M. Palinka rink, with V. Smereka, P. Dacyk and M. Moorehead...A. Stuparyk rink, with A. Buck, L. Stepa and H. Kozicky. Both Scored 52; 7) D. Demchuk rink, with E. Bender, M. Stuparyk and L. Ockerman - Score 53; 8) A. Ballas rink, with D. Capjack, B. Williams and O. Tomkow - Score 59; 9) H.

Vaugh rink, with J. Zarowny, J. Dacyk and N. Riemer - Score 60; 10) M. Prucak rink, with L. Sass, M. Clark and I. Dunlop - Score, a whopping 84.

Cash awards were presented by John Williams, Mike Palinka and Lillian Palinka, members of the Sports Committee. Morris Cooper, Chairman of the Pioneer Circle Seniors, then presented a plaque to Harry Prusak, eldest member who was in on the instigation of the floor curling in the hall, and still 'with it' at 86 and going strong.

The evening ended with a super potluck supper, enjoyed by all, and plenty of suggestions for continuing the good fellowship experienced by all involved in the floor curling throughout the season, and hints of more potluck suppers to share together. Obviously, a good time was had by all:

Zany Costumes For Curlers

This merry Mexican Senorita and her friend the Happy Hobo were among the crowd of curlers who donned colorfully cheerful attire for the Windup Floor Curling Funspiel at Pioneer Circle.

Prusak Still Going Strong

Pioneer Circle President Morris Cooper presents Harry Prusak with a plaque honoring his contribution toward the establishment of floor curling in Elk Point.

Lioness environment tip

Composting problems? Try these tips.

If your compost bin smells, it's too wet. Turn it over and mix in some dry material.

If the temperature fails to rise, you might have too little moisture; sprinkle it with the garden hose. Or there might not be enough nitrogen to start the cooking; add some bone meal, blood meal, seaweed, grass cuttings or manure.

Composting works through the winter, too. Keep adding your kitchen

garbage. If the scraps freeze, they'll break down into good soil all the faster in the spring.

There are commercial 'accelerators' for compost, but they should be unnecessary if you have followed all the instructions above. As a last resort, a carton or two of fishing worms should do it.

We hope our composting tips have been helpful in your gardening endeavors for the coming season. The environment thanks you!

The cast of "Quest Theatre" will present five magical Robert Munsch stories: "I HAVE TO GO"; "DAVID'S FATHER"; "THOMAS' SNOWSUIT"; "TOOTH" and "MOIRA'S BIRTHDAY". The performance will take place May 3rd at 7:00 p.m. in the F.G. Miller gym. Since Robert Munsch began writing childrens' stories in 1979, his works have sold over one million copies and have been translated into many languages, captivating the hearts of children and adults around the world. For this live performance of family entertainment the admission price is only \$3.00 each. Tickets will be available at the door. The Elk Point Public Library is co-sponsoring this event with Norcen Energy Resources Limited.

This is "Volunteer Week". The Elk Point Public Library Board and Staff would like to thank all our dedicated

volunteers who donate their time and talent to make the library the wonderful place it is.

Don't forget the Author Reading of the RUTHLESS WRITERS in the Library at 7:30 p.m. April 25th. Everyone is welcome.

NEW BOOKS:
TROOPER IN THE FAR NORTH-WEST by John George Donkin - The author describes his life in the early days of the North-West Mounted Police, Canada, 1884-1888. **THE ATLAS OF THE LIVING WORLD** by Philip Whitfield - This book magnificently reveals the ever-changing patterns of life on earth. It explains where plants and animals live and why they exist where they do and traces the vital geographical dimensions of natural history in maps. **STRAIGHT** by Dick Francis - In his stunning twenty-eighth novel, Dick Francis again proves he has no

equal. As Derek Franklin, an injured steeplechase jockey, nears the end of his career, he is thrust into trouble and mayhem by the accidental death of his older brother, Greville.

Thank You

KURASH
The family of Alex Kurash would like to extend a sincere thank you to everyone who has helped us during this difficult time. Thank you to Herb Protisch, Richard Osinchuk, Gordon Kuhn, Ken Krucik and Grandpa Leroux who have helped us with chores and calving. A special thanks to Herb and Frances Protisch who came when called on the 15th and drove Jennifer, Kevin and Cheryl to Edmonton in the middle of the night and to Elaine Leroux who was waiting for us at the hospital when we arrived and looked after us. Thank you to my mother who stayed with us and kept the house organized. Thank you to Father Stan and the pallbearers; to Lorna Garnier, organist and the church choir for their thoughtful music and to the C.W.L. for preparing the lunches. Thank you to Jennifer, Kevin and Cheryl's friends who came and spent time with them during their time of need. A very special thanks to our friends, neighbors, relatives and all those who sent cards, flowers, food to the house and to the hall, fruit baskets, charity donations in Alex's memory and mass cards. Your kindness and thoughtfulness have helped us during this difficult time.

Louise, Jennifer, Kevin and Cheryl Kurash

THANK YOU BOYKO

The family of the late Peter Boyko would like to thank friends, neighbors and relatives for their acts of kindness, flowers, cards, baking and donations.

Special thanks to Dr. Woytyuk, Doctors and Nursing Staff of the St. Therese Hospital. Also thanks to Father Peter Brezden and Reverend Fr. Joseph Royer for prayers and Divine Liturgy. Thanks to the Ukrainian Catholic Church ladies for serving the lunch; to Yewchin's Funeral Chapel for all their help and consideration.

Your kindness will forever be remembered.

Blood Pressure

Winnie Shandro of the North East Alberta Health Unit (right) takes a blood pressure reading on Mrs. Anne Buck at the Heart Action Open House.

Heart action program in Elk Point

By Irene Magnusson

The evening of April 9 was a busy one in the Group Therapy room at the Elk Point Hospital, when the North-East Alberta Health Unit brought their health monitoring program to the people of the Elk Point area.

The journey through the program commenced with Winnie Shandro, who recorded a bit of family health history of the participant, and identification. Then their blood pressure was taken and carefully recorded.

The next step was body measurements, taken by Deanna Herbert. Height, weight, waist and hip measurements are recorded, then a computerized result is applied, showing the participant's risk factors in relation to the figures recorded.

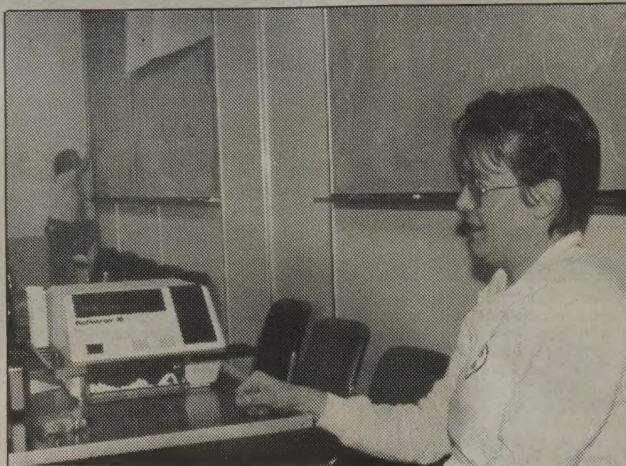

The third measurement taken

shows cholesterol level, this being done by use of a 'reflotron' machine. Accompanying literature indicates that cholesterol readings must be taken three times to show a true indication.

The final stop in the Heart Action program offered is the Dietary counselling from Val Wiebe, based on the results of the findings of the first three stops. A detailed chart called "Diagnose Your Diet" is offered from which the participant can make a choice toward more heart-healthy eating. Participants were urged to fill

out the dietary questionnaire as they awaited their turn with the Health Unit staff.

This program was started last June, with the group travelling to various communities in the area, attending such gatherings as Trade Fairs, Community Fairs, Schools and work sites, anywhere people gather. The Cold Lake "Wellness Fairs" have been targeted. Anyone may participate, age eighteen and over. The results may or may not indicate a check-up by your doctor. It will give some indication of your heart health.

Measuring Cholesterol

Blood cholesterol levels were measured with this 'reflotron' machine at the Heart Action Open House.

Western rider program

The CEF, Canadian Equestrian Federation, is the only official governing body for equestrian sport in Canada which is recognized by the International Equestrian Federation, located in Berne, Switzerland and the Canadian Government. Each province has its own provincial member association, Alberta's being the AEF or Alberta Equestrian Federation.

The mandate of CEF/AEF is to foster the development of all aspects of Equestrian activity (excluding racing) and set standards under which competitions are conducted.

The Western Riding Discipline was recognized by Sports Canada in 1982 and since that time a riding program has been established for an 8 level Western Rider Development Program Course and Level I and Level II Western Coaching Program.

The Rider Preparation Program is designed to teach nationally approved methods of caring for, handling, and riding the Western horse. The program is currently made up of Level I for Beginner riders consisting of Rider Levels 1-4 and Level II for Intermediate riders starting to compete, Rider Levels 5-8.

Advantages of the Rider Preparation Program: nationwide standardization of riding skills, nationally certified coaches available in each province, promotion of safe care, handling and riding of a Western Horse standardized manual outlining progression of skills required for each level, students are able to evaluate progress and achievements, diplomas are issued indicating readiness for the next level, it provides a good foundation for becoming a certified coach and students are free to change coaches within the program across Canada without losing their status.

What is involved with each Rider level? To obtain a specific Rider level Certification through this program candidates must be able to demonstrate the following tasks and any others which the instructor may feel pertinent in assessing their technical skills at the practical examination. In addition, another test must be completed and you require an Alberta Equestrian Federation basic membership of \$15. The following are examples of what each Rider level may contain:

Rider Level I: parts of the horse, grooming, basic horse handling, saddling and bridling, mounting and dismounting, basic position and aids at all gaits, stop and backup, direct and open rein effect.

Rider Level II: one hand reining, posting and diagonals, transitions, indirect rein effects, recognizing the proper lead, conformation, unsoundness and blemishes, loading and transporting.

Rider Level III: rein of opposition, bandaging, turn on the forehand, turn on the haunches, western bits and their uses, use of leg aids, preventative and emergency health care, code of ethics.

Rider Level IV: basic collection, simple lead changes, longeing, side passing and leg yielding, stable construction, horse fitness and conditioning, nutrition, role of the AEF and CEF.

Rider I-IV are appropriate for the novice or beginning rider. Upon completion of Rider IV a candidate is eligible to try for their Level I coaching. Rider V to VIII progressively develops the Intermediate student to be eligible to complete their Level II coaching.

A candidate does not have to become a coach, but may just progress through the rider levels at their own speed. Rider V-VIII cover the following areas:

Rider Level V: showmanship, recreational riding, road riding safety, choosing a trail horse, rider's code of ethics.

Rider Level VI: practical trail horse techniques, two tracking at walk and trot, pleasure horse test.

Rider Level VII: speed events (barrels/pole bending), horse suitability towards specialization, exercise bandaging, reining.

Rider Level VIII: longing the green or problem horse, collected flying lead changes, lateral movements at

the lope, understanding the horse mentality, riding psychology.

General Procedures:

1) AEF will issue the certificates for each rider level passed. 2) AEF will maintain a registry of successful examination candidates for all levels, with results. Such results will be available across Canada for reference at any time. 3) There will be a \$5 fee payable to A.E.F. to help cover administrative costs incurred. 4) Examinations will be arranged by the N.C.C.P. Western Coaches working with the program.

Currently, several Rider Preparation clinics have been sponsored by the Lakeland College Vermilion Campus. These 2 day clinics, ranging from Rider 1-4, have been met with great interest and enthusiasm by the riding public. The riding clinics and program are an excellent introduction to basic horsemanship skills for any beginning rider and for the experienced rider wanting to attain CEF Certification.

The next scheduled clinic is the beginning of May, concentrating on Riders Levels 3 and 4. There are no special requirements or prerequisites to be able to attend. The clinics are set up with practical, theory, demonstrations and basic riding skills.

For more information on the CEF Rider Program, please contact the NE Alta. Area Delegates; Charlene Baker at 724-2560 or Josie Veer at 724-3030.

Byers Transport sold

Michael Degroote, Chairman and chief Executive Officer of LAIDLAW INC. today released the following statement:

We are pleased to announce that Laidlaw Inc. has entered into an agreement to sell Byers Transport Limited to Herb Assman of Prince George, B.C., subject only to regulatory approval.

Mr. Assman advises that the combination of Northern Interior Fast-frate Limited's "LTL" distribution service, with that of Byer's system, will substantially enhance their service within Western Canada. While each company will continue to operate independently of each other, they will work diligently to offer a comprehensive distribution service to over 300 communities in B.C., Alberta, the Northwest Territories and the Yukon, where synergies derived from both operations will produce better bottom line results.

The Management of Byers Transport Limited are confident that the combination of these two service-oriented companies will allow them

to firmly establish their position as the major regional "LTL" carrier in Western Canada.

In conversation with Herb Assman, he stated "All jobs are secure and Byers' Head Office will remain in Edmonton". Byers Transport is the largest trucking company with its Head Office in Edmonton. Over 250 of Byers' 500 employees are based in Edmonton.

Mr. Assman feels that Byers' track record speaks for itself. "This is a company that has built its reputation on providing a high quality of service to their customers. The strength and commitment of Byers' employees was evident during the rapid recovery from the July 31, 1987 tornado that destroyed the company's Edmonton facilities. We look forward to continuing this level of excellence."

Byers operates 37 Terminals throughout B.C., Alberta, the Northwest Territories and the Yukon. The company provides temperature-controlled Dry Vans and Flat Deck freight service with its fleet of 600 trailers and 250 trucks.

Sure Sign Of Spring

These cheery yellow daffodils brighten a sunny spot in the yard of Lena Gulayec, Elk Point with their trumpets heralding spring.

New ten commandments

(Garnered from the Boundary Creek Times and suitable to be taken to heart by any small town dweller)

- 1. Thou shalt not go away from home to do any trading, nor thy son nor thy daughter.
- 2. Thou shalt patronize thy home merchant and thy home printer, for yea, verily, doth thy home printer spread over the land the glad tidings of thy goodness and greatness and they shall patronize thee.
- 3. Thou shalt employ thy own mechanics, that they may not be driven from their homes to find food for their little ones, thou shalt consider him as thy neighbor, above them that dwell in a strange town.
- 4. Thou shalt not ask for credit as goods cost much money, and the merchant's brain is burdened with bills.
- 5. Thou shalt not ask for reduced prices for thy "influence" for behold guile is in thine heart and the merchant readeth it like an open book. He laugheth thee to scorn and shouteth to this, "ha, ha."
- 6. Thou shalt do whatever lieth in thy power to encourage and promote the welfare of thine own town and thine own people.
- 7. Thou shalt not suffer the voice of pride to overcome thee, and if other towns entice thee, consent thou not, for thou mayest be deceived.
- 8. Thou shalt spend thy earnings at home that they may return from

whence they came and give nourishment to such as may come after thee.

9. Thou shalt not bear false witness against the town wherein thou dwelleth, but speak well of it to all men.

10. Thou shalt take these commandments and teach them to thy children, even to the third and fourth generation, that they may be made to flourish and grow in plenty when thou art laid to rest with thy forefathers.

New videos at the library

VIDEOS:

Two new videos by Dr. Michael Fox **ANIMALS SERIES** give professional advice for a happier, healthier, and loving care for your cat or dog. Each video is a successful guide to **CAT CARE** and **DOG CARE**. Each of these videos are 41 minutes long.

Alyssa Milano put together a dance and workout routine video called **TEEN STEAM**. Come and meet her friends Michelle and Tifanie and do work outs with them. Alyssa invites all Teens to come to dance it out, work it and talk it out. After all, you gotta let it out! (48 minutes long)

St. Paul Presbyterian annual meeting

The United Church Women of St. Paul Presbyterian held their twenty-eighth Annual Meeting in McQueen Memorial United Church at Mannville on March 13, 1990. Due to icy roads and heavy fog, attendance was lower than usual with about 50 ladies registering.

Regular business and reports were handled in the morning session. Irene Quigley of Edmonton, President-elect of Alberta and North West Conference, brought greetings and shared information of U.C.W. activities. She later installed the officers for 1990. Li Giebelhaus of Vegreville is the new president with Jean Dake and Katie Giebelhaus as her secretaries. Vera Dyce of Lloydminster continues as secretary.

Reverend Rob Voelker of the Canadian Bible Society was the afternoon guest speaker.

A memorial tribute was given by Marian Wallace for U.C. members who had passed away in 1989.

Doug Astle, minister of McQueen's, assisted by Ruth Gray, conducted the communion service.

The ladies of Mannville U.C.W. served a delicious noon meal and two coffee breaks.
